# Make your firm stand out from the crowd

CLT totalSOLUTION makes it easy to create a dynamic, up-to-date, attractive website for your firm ...  
... keeping your clients informed and attracting new business.

## Easy to get online

Within seven working days you could have a website that's content rich and packed full of resources - all for just 15 minutes of your time. Writing website copy about your firm and the services you offer can be a time consuming exercise, so to make it easy we provide pre-written website content which you can edit as much or as little as you like. There's a choice of website designs which we'll brand with your firm's logo, colours and imagery. If you need a domain name (web address) we'll provide one for you or if you already have one, we'll use that! We'll also host the site for you.

## Tailor the site

Your site can be as individual as your firm. You can include additional information and your own images, and you can make as many changes as often as you like, all included in the fixed monthly fee. You can do as much or as little as you like.

## Content rich

In addition to information about your firm and the services you offer your clients will have access to over 50 CLT client information factsheets (which users have to register to read), monthly CLT eNEWS, Companies House forms, online calculators, the latest market data, the latest Budget information, tax tables, live news headlines, free resources to encourage visitors to register on your site and much, much more.

NOTE: The information included on CLT totalSOLUTION is correct for England and Wales but regulations may vary in Scotland, Northern Ireland, Jersey, Guernsey and Isle of Man.

## Over 50 CLT client information factsheets

Topics include company law, work and employment, disputes, the elderly, road traffic offences, asset protection, insolvency, starting up in business.

**Complete websites for only £149\* per month**

**NO set up fee**

**NO hidden extras**

\*for CLT subscribers - £159 for non subscribers

**Over 17 designs to choose from, tailored using your firm's logos and colours**

## Keeping your clients up to date

Not only do we add the latest news items to your website each month, we also email them out to your clients, contacts and prospects as a monthly newswire. This newswire looks like it's come from you. It will keep your clients informed and will drive them to your website for more information. We will help you upload and maintain your clients' contact details to ensure they receive this monthly update. Each email sent has an unsubscribe link to give recipients the freedom to unsubscribe from these services should they wish to.

## Maintenance free

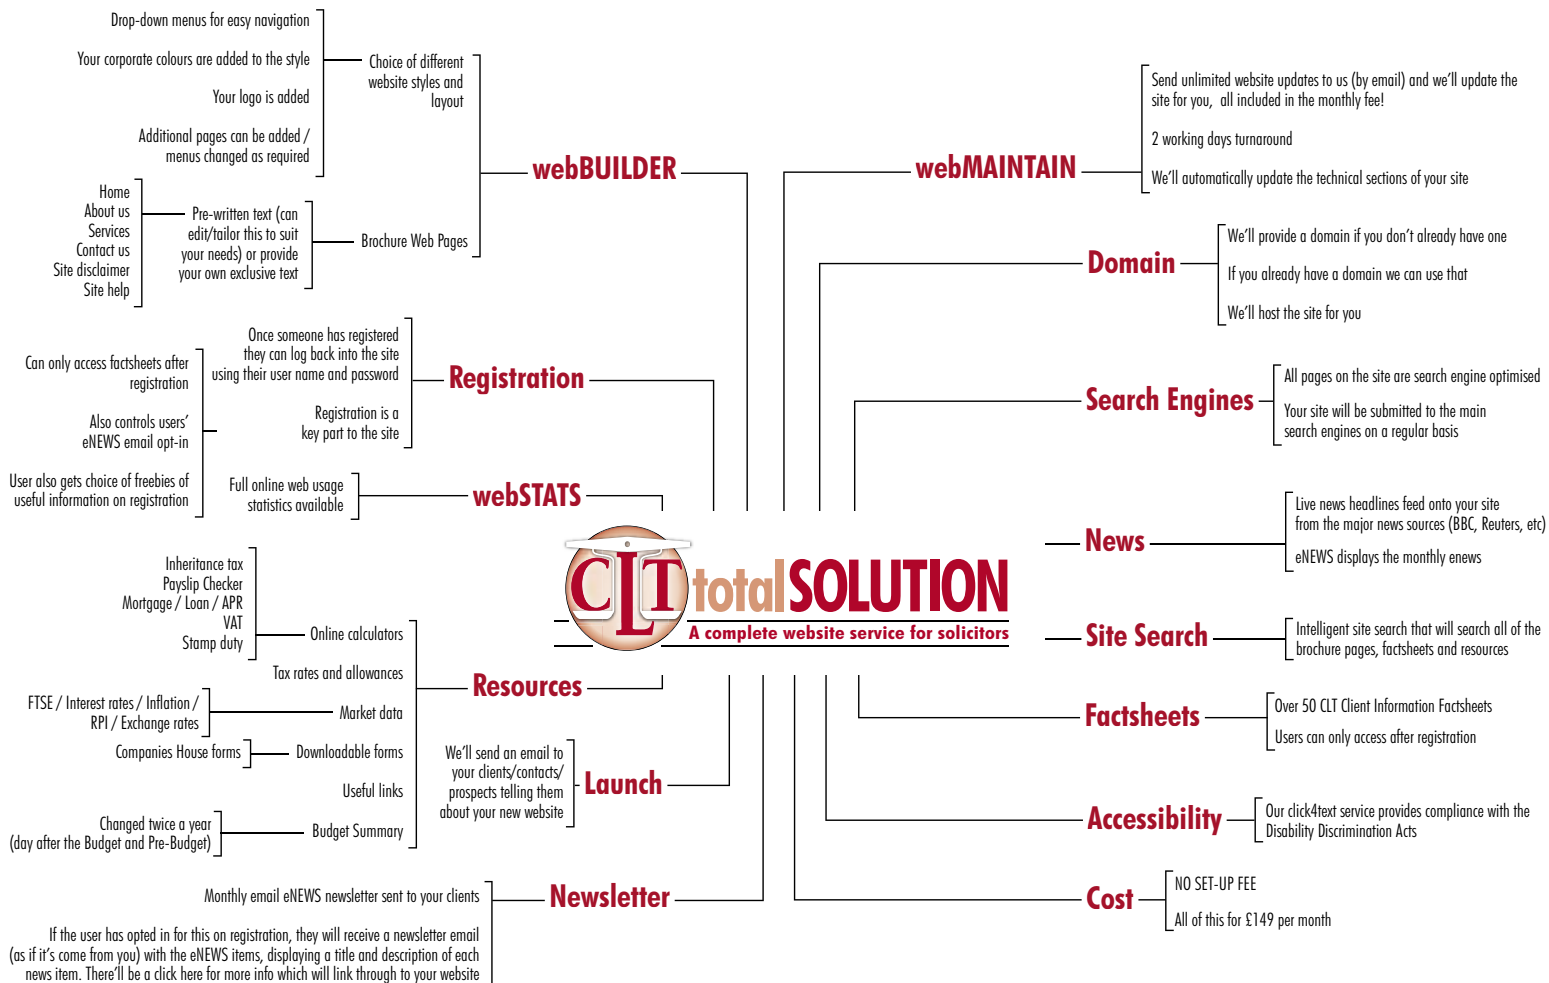

Your website will always be up-to-date. If you want to make a change to the site then just email the details to us and we'll process the change for you. You can make as many changes to the website as often as you like - this is all included in the fixed monthly fee. Simply email your instructions to us and we will update your site within two working days. We supply and automatically update all the technical content. We also add information on "hot potatoes" as they hit the press (eg HIPs, Companies Act changes, changes to EPAs).

## ..... and there's more!!!

All the sites we build comply with the Disability Discrimination Acts, provide webSTATS so you can see how much your site is being used, provide a site search, have an online administration area where you can maintain your website contacts and all sites are carefully built to provide search engine optimisation.
